BROADSIDE ATTACK ON WILSON PACT

G. O. P. Leader Speaks To A
Big Crowd at Erie Train
In Hammond.

(BULLETIN.)
CROWN POINT, Ind., Oct. 7.—Senator Warren Harding, republican nominee for president, spoke from the back platform of his Pullman to several hundred people at Crown Point on Wednesday. His talk was enthusiastically received and though here but such a short time he made a mighty good impression upon those present. Mrs. Harding was with the senator and seemed wonderfully pleased at the reception given them.

(BULLETIN.)
Senator W. G. Harding was greeted by a throng of voters variously estimated from 3,000 to 5,000 when the train to which his car was attached halted for a few minutes at the Erie depot in Hammond last night. Republican leaders were astounded at the turnout considering that the meeting was announced only the evening before and that it came right at the supper hour. Voters insisted upon shaking hands with him and Mrs. Harding who stood beside him on the car platform so his address was short. Seeing that his crowd was composed of workmen he spoke for their benefit. He predicted that wages would naturally adjust themselves to lower the standard of living and that he favored keeping wages at top notch and the reduction of living costs materially.

BY GEORGE R. HOLMES
(STAFF CORRESPONDENT I. N. SERVICE)
HARDING, DES MOINES, Ia., Oct. 7.—Senator Warren G. Harding, opened his five day invasion of the middle west here today with a broadside attack on the Wilson league of nations and a promise that as soon as possible after election he will consult with the "best minds" of the country, and especially with the United States senate to forward the formation of an association of nations designed to promote international peace.

LEAGUE ALREADY SCRAPPED.
Speaking for the first time since President Wilson's recent appeal in the league's behalf, Senator Harding asserted that the league already has been "scrapped by the hand of its own architect."

THEN ASK FOR MERCY.
"To those," he said, "who desire to incur the hazard of entrusting any of the powers of the republic to the direction of a super-government or to a council of foreign powers, I frankly say: 'Vote the democratic ticket, and pray God to protect you from the consequences of your folly.'"

Life Prisoner
AND BOY ARE
MISSING

Moron Sentenced for Life
Escapes from Michigan
City Prison

(BULLETIN.)
Every train, interurban car and road leading into Gary, Hammond and East Chicago is being carefully watched today in hopes of assisting in cutting off the escape of John Vaughn, 30 years old, trusty, moron and "fifer" who escaped from the Michigan City penitentiary Monday.

(INTERNATIONAL NEWS SERVICE)
MICHIGAN, Oct. 7.—Prison guards, police, deputy sheriffs and citizens today are searching the country side for John Vaughn, 30, a life prisoner in the Indiana state prison and Walter Young, 12, a school boy who have been missing since Monday night. It was first reported that a girl playmate of the Young boy, Emma Rittion, 13, was missing also, but it was learned today that she had been away on an automobile trip with her parents.

Vaughn is said to be a moron, who was sentenced to life imprisonment in 1907 after he had attacked Elizabeth Strubel, 11, and killed her with a pen knife when she made an outcry. He has been a trusty at the prison for 13 years and for six years has been in charge of the prison water works by day.

The Young boy is said to have been in the habit of spending much time at the water works, which are some distance outside the prison walls and it is declared he was last seen in Vaughn's company.

CLAXTON COMING

Otis W. Glamore, superintendent of the Wentworth school of West Hammond, announces that Hon. P. P. Claxton, U. S. Commissioner of Education, will be in West Hammond Friday to deliver an address as part of the institute and campaign week exercises, which teachers of Cook county, Illinois, are conducting. Mr. Claxton will speak at the Wentworth school Friday evening at 8 o'clock. Several other speakers are expected at this meeting, including E. A. Winship, editor of the New England Journal of Education. In addition to the addresses a school entertainment will be given.

TEN TO HANGING RECORDS TO BE BROKEN

October 14 and 15 Red Letter
Days in the History of
Cook County's Jail.

BY WILBUR J. BROWN
(STAFF CORRESPONDENT I. N. SERVICE)
CHICAGO, Oct. 7.—The death cell in the old Cook county jail in Chicago has sent many men to the final earthly expiation of crimes since the execution of John Stone on July 10, 1840, but Oct. 14 and 15 are destined to be "red letter" days in the institution's history. Oct. 14, eight men, several of them members of the notorious Cardipella gang will die at the ends of ropes and the following day, Oct. 15, Arthur Haensel and Frank Zagler will be executed.

FIVE IS PAST RECORD.
Many men, some of them guilty, and some others later found to have been hanged for another's crime, have gone to their deaths in the Cook county jail since John Stone's time, but the record, kept since the executions that will occur Thursday and Friday of next week, was in 1912, when five men were executed in one day.

A THOUSAND FEET OF HEMP.
One hundred feet of Italian hemp will be used for each hanging, and thousands feet in all for the ten men. The hundred feet for each individual is divided into three parts, one part for a "sanding test" the second for the actual hanging, and the third for emergency use.

THREE TIMES REPRIEVED.
One of the prisoners who will be hanged Oct. 15, Arthur Haensel, has been three times reprieved, the first coming just as he mounted the gallows' steps. Haensel, through his attorney, announced that he desires either to be executed or to have his sentence commuted. He doesn't want to "run the risk" of another reprieve. Haensel's case—the murder of his wife—first received attention through efforts of various Illinois poets of the American Legion attempting to secure commutation of his sentence. Haensel has been a "gunner" of the county since Feb. 4, 1912, Zagler, who will die with him, was shot dead after his death shortly after Haensel's execution, also was convicted of murder.

CARDINELLA HEAD OF GANG.
On Oct. 14 Sam Cardinella, head of the gang which has borne his name for three years, and which has been the subject of many searches for suspected killers, will be the first man to stand on the trap. After him will come two other members of the gang, both convicted of the murder of a North Side grocer, who was called to the front of his store and shot dead as he appeared in the entrance, and implicated in a score of other gang killings and wars. The other five "gunners" set for Oct. 14 are men whose trials and convictions received little attention from the public. Most of them have been implicated in "three affairs" that ended in bloodshed.

NO PRISONER WITNESSES.
The wholesale hangings of the coming week are also receiving earnest attention from other prisoners in the Cook county jail. Two hundred of them witnessed the hanging of Raphael Durage last fall as an "example" on the order of Sheriff Charles W. Peters. Those "public hangings" were the subject of much discussion at the time and the question of whether the prisoners will have a "viewing" set before the hangings has arisen, although not officially. Sheriff Peters has been warned not to hold any more executions for the benefit of prisoners at the jail.

Chief Deputy Sheriff H. C. W. Laubheimer is busy preparing for the "events" of Thursday and Friday. There is 1,000 feet of hemp to be purchased and Laubheimer anticipates difficulty in securing so large an amount. He will place his order today or tomorrow and then will begin the construction of the one gallows to be used for the ten executions.

POLICE COURT

Albert Stanley, 539 Hoffman street, paid \$1 and costs this morning for wandering about the streets in an intoxicated condition.

Arthur H. Shaw of Gary was taken into custody yesterday for driving his automobile at a speed of 40 miles per hour. This morning he was assessed \$5 and costs.

R. W. Knight, 448 Bauer street, reports that his bicycle was stolen from in front of St. Margaret's hospital.

Frank Bartos, 720 151st street, East Chicago, paid \$5 and costs for speeding on the new 150th street pavement.

BERLIN PAPERS SUSPEND

STEEL CO. LAYS OFF 1000 MEN

Harbor Plant Joins Other Industries in Looking for Greater Productivity.

A general shut-down of industries of the Calumet region for the purpose of obtaining a greater productivity of labor is foreshadowed by the laying off yesterday of more than a thousand workmen at the mills of the Inland Steel Company at Indiana Harbor. With the laying off of this number of men it is estimated that small lay-offs in other plants of the region, within the past few weeks will bring the total to nearly 2,000.

CONFINED TO ROLLING MILL.
The shut-down of the Inland has been only partial and has been confined almost entirely to the structural rolling mill. This mill is now operating only one eight hour shift each day while previously it was in operation for three shifts each day. The blast furnaces and other departments of the plant are still running at full capacity and at the present time there is no indication that they will shut down.

SLACKING UP OF ORDERS.
A general slackening up of the building industry with its subsequent slackening of orders for structural steel is given as the reason for the shut down and lay off but semi-officially it was learned that the company is endeavoring to obtain a greater efficiency among the men. This policy is also being carried out by other plants it is reported and has resulted so far in a much greater amount of work being turned out by the same number of workmen.

SEE GREATER PRODUCTIVITY.
In some of the plants it has been found that twenty-five men will now do the same work that only recently required twenty-eight or thirty workers and the men do not exhibit the same indifference to holding their jobs that they have shown during the past few years. In all plants a greater productivity is being manifested by all workmen and this allows the plant officials to drop a few here and there.

Although a general shut down is not anticipated it is predicted that within the next six weeks a large number in the region will be out of work. The first to be laid off are the negroes and Mexicans and many have already left the district because of the scarcity of work.

Hammond Girl Gets In Trouble

The story of the butterfly that flickered around the fire until it was caught in the flame, burning its beautifully colored wings was brought home to twenty-one year old Birdie Warren of Hammond this morning as she sat in the witness chair facing City Judge Dunn of Gary.

According to her story she lived at the Lyndora Hotel at Hammond until the first of this week. A Greek in that city had promised to bring her to Gary where she could make lots of easy money and like a lot of girls told her that she would not get into trouble for he had a pull with the police.

With dreams of money and pretty clothes she agreed to his suggestion and came to Gary. Taking her to the Indiana Hotel at 1313 Washington st., he turned her over to the two proprietors, Tom Satras and Gust Toula, with the agreement that she was to get her room free of charge providing she turned over half of her dollar earnings to the two owners.

She did not find the dollars rolling in as fast as she expected however and the promise of police protection went crashing into oblivion when the police raided the hotel late last night.

Charged with conducting a house of ill fame the two proprietors were arrested together with the girl and an associate found in her room. Tom Satras was found guilty, fined \$25 and costs and sentenced to the county jail for 30 days. The girl was given a small fine and a lot of fatherly advice.

WHITE HOUSE HAS NO COPY

WASHINGTON, Oct. 7.—The White House today announced that there is no stenographic copy in this country of the proceedings of the peace conference, containing a report of the session during which Senator Spencer of Missouri, charges the president promised military aid to Rumania and the Serbs. Secretary Tumulty stated that the incident is closed so far as the White House is concerned and that it is up to Senator Spencer and Senator Reed to produce stenographic copy of the president's alleged statement.

LONDON, Oct. 7.—A revolutionary general strike has broken out in Portugal, according to a news agency dispatch from Madrid today quoting advances received in the Spanish capital from Portuguese frontier.

The revolutionary movement is said to extend throughout the entire country.

EXTRA DODGERS WIN 3d

BY JACK VEROOK
(STAFF CORRESPONDENT I. N. SERVICE)
EBBEST'S FIELD, BROOKLYN, N. Y., Oct. 7.—The scrapping Brooklyn Dodgers went into the lead in the world series here this afternoon, winning a close ball game from the Indians, 2 to 1.

Uncle Robby's boys got their two tallies in the very first frame off of Ray Caldwell, and they have young Sewell to thank for the fact that they did not have to play their half of the ninth. Sewell's bobble of Griffith's grounder put the winning run on the bases for Brooklyn.

(BULLETIN.)
The entire family of Boleslaw Spirzewski, 3733 Cedar street, Indiana Harbor, was snuffed out early this morning by gas which escaped from an open jet on a water heater. Spirzewski, his wife, two sons, 9 and 7 years old and a daughter, 5 years old, were found dead in their beds shortly after 10 o'clock by a boarder who had slept in another room. The physician who examined the bodies believes that they had been dead about two hours when the tragedy was discovered.

(BULLETIN.)
(INTERNATIONAL NEWS SERVICE)
NEW YORK, Oct. 7.—Many persons were reported killed and injured in an explosion on board the oil tanker Crowe at the foot of 22nd street, Brooklyn this afternoon. The explosion at 2:10 was followed by fire. At 2:40 the Brooklyn police estimated the dead from 10 to 12.

PARTIAL RETURNS RECEIVED

Slight Loss in Registration
is Shown in Lake County's
Country District

CROWN POINT, IND., Oct. 7.—Clerks in the office of the county auditor are still busy going over the books of the last registration and tabulating the returns. Several precincts from Hammond, Gary and East Chicago had not brought in their books this morning and these are holding up the totals.

Following are the units from which complete returns have been received:

	Men	Men	Total
Whiting	1099	450	1549
Calumet Tp.	134	167	301
Winfield	136	107	243
Ross	153	130	283
North	265	86	351
Hobart	667	404	1071
Hanover	233	60	293
West Creek	133	157	290
Cedar Creek	275	311	586
Eagle Creek	83	63	146
Center	485	322	807
St. Johns	201	193	394

Total 3587 2466 6053 6171
These figures show the total registration for the county outside of the cities of Hammond, Gary and East Chicago to be 35 less than in 1918. This bears out early predictions as it was believed the townships would show a lower vote in spite of the fact that women are now included. This is due to the heavy movement from the country to the cities during the last few years, especially among the young men.

Three of the townships show heavier registration of women than men.

THE COURT GAVE MIKE FISHY EYE

And Mike Folded up His
Tent and Silently Stole
Away For Home

Joe Less, 1277 Roberts ave., Whiting; Mike Rupis, 1831 Serbette ave., East Chicago and Steve Salin, 471 Ames ave., Hammond, got together last night for a little party in East Hammond. While mule flowed freely and the result was that when Salin tried to steer his guests to the right street cars at State and Hohman sts., at the close of the session, the whole bunch was pinched.

Mike was still wobbly when arraigned before Judge Klotz this morning. The judge lapped the bunch off at \$15 each covering fines and costs.

"Too much," protested Mike who had a roll of \$160 left after the carousal. "I never have to pay that much before." It looked like Mike was going to give Hammond the fishy eye henceforth and do his trading where he could strike better bargains with the judges.

His grumbling continued until the judge reached for the arrest sheet the second time announcing that a jail sentence would help Mike. Mike understood perfectly and apologized profusely whereupon the judge released him and overlooked the jail part. Mike said he was going to push the car to the barn for repairs.

Benediction by Rev. John C. Barrett.

Patrons of the South Shore line this morning had a thrill when the city car leaving East Chicago at eight o'clock for Indiana Harbor caught fire at Chicago and Forsythe avenues and it was necessary to call the fire department to put out the blaze.

Although smoke poured from the lower part of the car a number of the passengers remained calmly seated until the fire department arrived and the firemen started to chop a hole in the floor.

The fire was caused by a short circuit in the driving motor and before the trouble was discovered the flames had spread to the floor of the car. Flames and chemicals placed the motor out of commission and it was necessary to push the car to the barn for repairs.

TRYING TO MAKE NEW YORK DRY

Federal Officers Ban Withdrawal of Liquor From Bonded Warehouses

(INTERNATIONAL NEWS SERVICE)
WASHINGTON, Oct. 7.—Prohibition Commissioner Kramer today announced that he has placed an absolute ban against the withdrawal of liquor from bonded warehouses in New York, New Jersey and the major portion of Pennsylvania.

This action was taken to restrict illicit liquor traffic, Kramer stated, and all applications for withdrawal of liquor in these districts are being held in abeyance. The ban will be maintained for several weeks.

Orders were issued to state directors several weeks ago to lay the ban. Kramer disclosed. He declared that the effects have already been noticeable, particularly in New York city, where illicit liquor traffic is reported on the decline.

COAL PRICES SET FOR INDIANA MINES

Prices coal operators shall charge for Indiana coal at their mines yesterday were fixed by the state special coal and food commission. The prices were divided into four groups, the commission specifying to which group each mine in the state belongs. The groups were fixed on the basis of production costs.

Group 1 prices are as follows: Mine run, \$3 a ton; screenings, \$2.80; prepared sizes, \$3.25.
Group 2—Mine run, \$3.20; screenings, \$3; prepared sizes, \$3.45.
Group 3—Mine run, \$3.35; screenings, \$3.65; prepared sizes, \$4.10.
Group 4—Mine run, \$3.60; screenings, \$3.40; prepared sizes, \$3.85.

In case any of the Group 3 mines are not situated on a railroad, truck or switch, and it is necessary to haul the coal by wagon or truck, to be loaded on board the car, the producing person or company may add for the cost of such hauling not to exceed 50 cents a ton.

Other Prices to Be Set Soon
Orders fixing margins for the whole state and jobber are expected to follow soon. They may be permitted a selling margin of 15 or more cents a ton. Prices for the retailers to charge the consumers will be contained in another order to come soon. It is predicted that mine run coal may be sold in Indianapolis at approximately \$2.25 a ton retail, and else where in proportion to freight rates, under the orders, when all are issued.
